

Remove, Reverse, Reclaim: Sign-Waving Event on Saturday, April 5th

Time: Saturday, April 5, 2 – 4pm

Location: Foothill & N. Indian Hill, [Claremont, CA 91711](#)

Bring: Signs and like-minded friends!

Organized by: Indivisible Claremont/Inland Valley and Friends of Sabeel North America, (FOSNA) Claremont chapter.

Join us on this nationwide day of action at our sign-waving event to advocate to remove corrupt politicians from office, reverse the damage that's already been caused, and reclaim our democracy.

We need all of our elected officials to follow the agreed upon rules of our democracy. The people must demand they uphold the Constitution and end executive overreach by upholding the system of checks and balances. If not, we need to show the power of “the many” and remind them that they work for us, the people, not just the 1%.

Corruption destroys, Community builds! Stand in solidarity to defend our democracy! We need to be visible!

Please be safe. If anti-protesters come, keep your distance and do NOT engage.

We are allowed to be on public sidewalks, but there are a couple of rules we must follow. We can walk on the sidewalks and cross the streets with the traffic lights, but we may not block sidewalks, stand in the street, or stand midway through the intersection on the traffic islands.

Dress comfortably and bring water.
